Food and Drug Administration

[Docket No. 95N-0259]

Over-the-Counter Drug Labeling; Public Meeting; Correction

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of public hearing; request for comments; correction.

SUMMARY: The Food and Drug Administration (FDA) is correcting a notice that appeared in the **Federal Register** of August 16, 1995 (60 FR 42578). The document announced a public hearing to discuss over-the-counter (OTC) drug labeling issues. The document also solicited comments from interested persons on various aspects of OTC drug labeling that would improve the communication of information to consumers and solicited specific comments and/or data on the costs and benefits of an improved labeling format. The document was published with some errors. The date in which comments are due to the agency, and the date that notices of participation are due to the agency were erroneous. This document corrects those errors and adds a question for public comment which was inadvertently omitted.

FOR FURTHER INFORMATION CONTACT: Ilisa B. G. Bernstein, Office of the Commissioner, Office of Policy (HF-23), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-3380.

ADDRESSES: Submit written comments to the Dockets Management Branch (HFA-305), ATTN: OTC Drug Labeling Hearing, Food and Drug Administration, rm. 1-23, 12420 Parklawn Dr., Rockville, MD 20857, or FAX 301-594-3215.

In FR Doc. 95-20245, appearing on page 42578 in the **Federal Register** of

August 16, 1995, the following corrections are made:

1. On page 42578, in the first column, under the **DATES** caption, in the last sentence "December 29, 1995" is corrected to read "October 30, 1995."

2. On page 42580, in the third column, in the first full paragraph, in line 6, the date "September 11, 1995" is corrected to read "September 15, 1995". Additionally, on the same page, in the second column, after the fifth paragraph, new section "F." is added to read as follows:

F. Process Issue

As part of FDA's ongoing effort to improve OTC labeling, the agency believes that it may have to revise many of the OTC monographs to improve and simplify communication of the information. Because revising the labeling portion of the monographs would be a major undertaking, the agency seeks public comment on the process that should be followed by FDA to ensure that the revisions are completed in an efficient and expedient manner. The agency intends on using its own experts to develop revised language that would be published in a notice of proposed rulemaking (NPRM). The agency also intends to allow a longer than usual comment period of 120, 150, or 180 days, to allow for consumer testing of the proposed language by FDA and other interested parties. Based on the results of the testing and comments received, the agency would then develop a final rule for the monograph(s). The agency would group monographs together, so as to develop a small number of NPRM's for this effort. Please comment on whether this process is appropriate, or if other steps should be taken for monograph revisions.

Dated: September 7, 1995.

William B. Schultz,

Deputy Commissioner for Policy.
